## Growers, Processors, and Micro Licenses:

For the remaining license types, the State will be divided into four regions, as follows:

- **Western Region:** Allegany, Carroll, Frederick, Garrett, Montgomery, and Washington.
- **Southern Region:** Anne Arundel, Calvert, Charles, Prince George's, and St. Mary's.
- **Central Region:** Baltimore, Baltimore City, Cecil, Harford, and Howard.
- **Eastern Region:** Caroline, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester.

A graphic representation of the regions is included in **Attachment A**.

**Equal** numbers of each of the remaining license types will be available, as outlined in Table 2 below.

**Table 2. Distribution of Growers, Processors, and Micro Licenses.**

		Number Available per Region	Total in Round 1
<b>Standard</b>	<u>Growers</u>	4	16
	<u>Processors</u>		32
<b>Micro</b>	<u>Growers</u>	6	24
	<u>Processors</u>	6	24
	<u>Dispensaries</u>	2	8

### Micro Dispensaries:

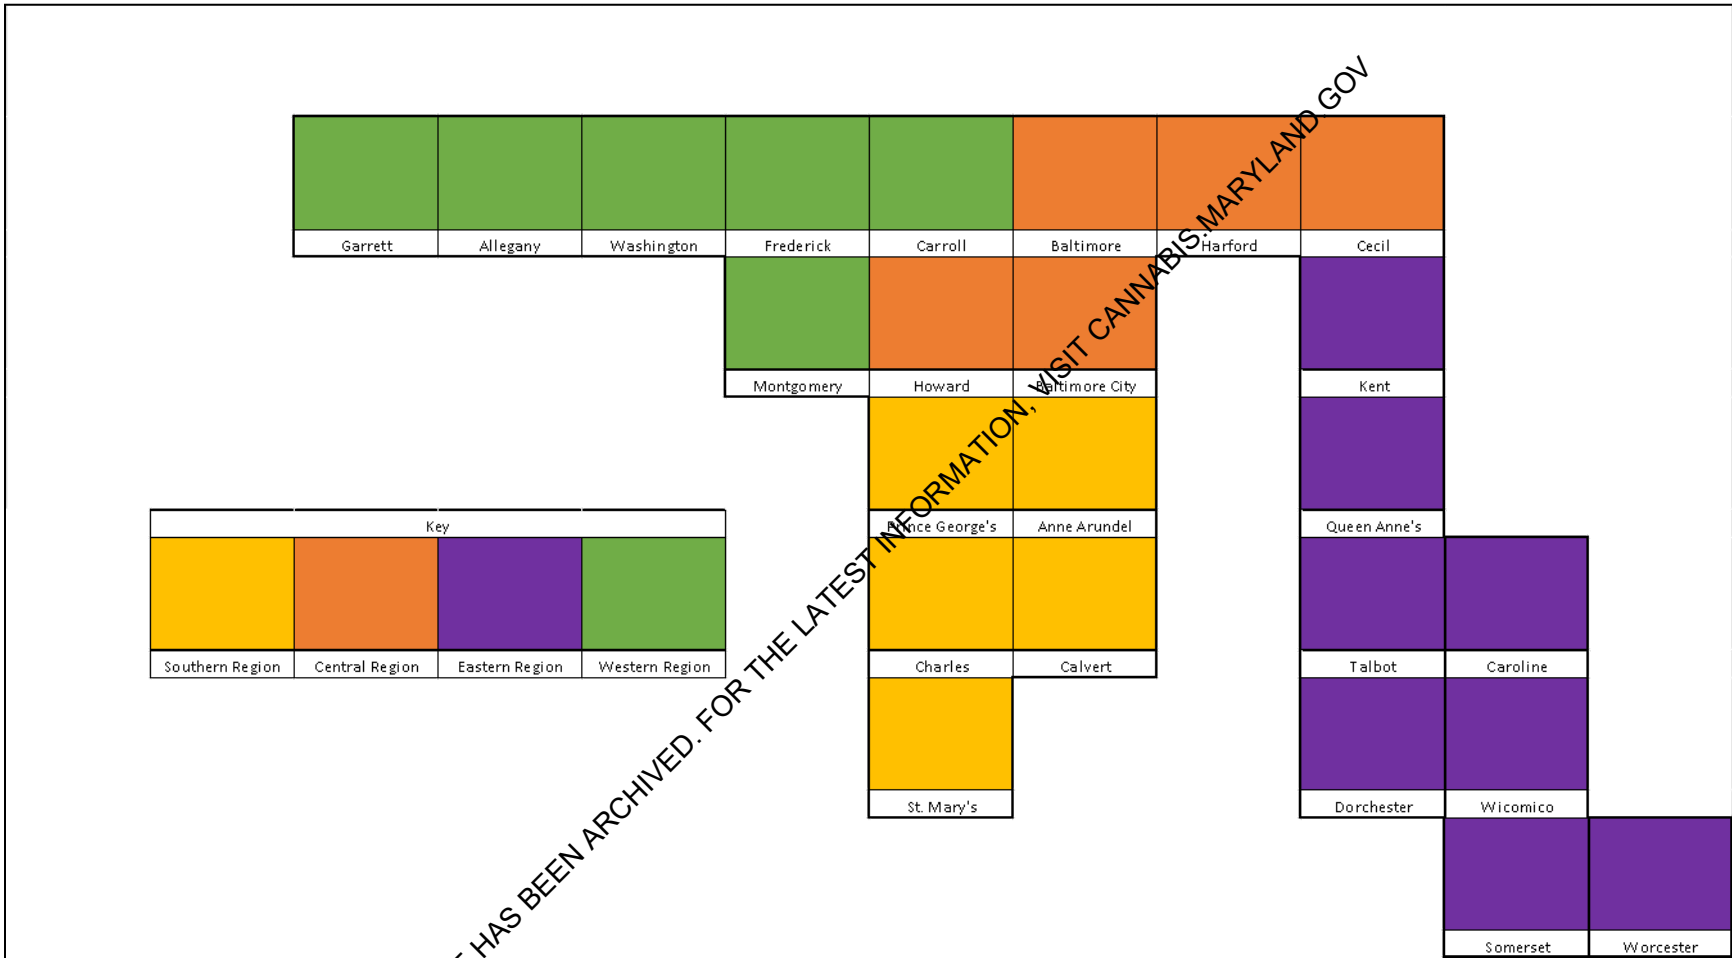

Micro dispensary licenses, also awarded by region, will *only* be authorized to conduct deliveries within the region in which they have been awarded. This is to ensure availability of delivery services across the State.

### Lottery:

All lotteries will be conducted using a double-randomized methodology. Each application that meets minimum qualifications will be entered into *one* lottery pool, corresponding to the applicant's submission. A list of discrete lottery pools under the forthcoming application round, and lottery restrictions, is included in **Attachment B**.

***As a reminder, an individual may not be associated with more than one application per license type, or more than two applications within a single round. The MCA will additionally not award any licenses that would violate statutory restrictions on ownership and control.***
